### **Language Matters Named to Nation's Top Business List for 2010**

Boulder, CO, 02/23/10. In recognition of the economic power of privately held businesses, DiversityBusiness.com, the nation's leading business-to-business Internet site, recently named **Language Matters** as one of the top businesses in the United States.

This is the 10th annual national listing of top businesses by DiversityBusiness.com. Companies listed on the Top Business List represent the Nation's top multicultural and diversity owned earners and challenge the long-held notion that a privately held business is small or insignificant. Winners are sought after by major corporations wishing to increase spending with small businesses.

#### **The List**

This List is a classification that represents the top small businesses in the U.S., in sectors such as technology, manufacturing, food service and professional services. Large organizational buyers throughout the country that do business with multicultural, small and women-owned businesses use the list. The List is produced annually by DiversityBusiness.com, the nation's leading multicultural B2B Internet portal that links large organizational buyers to multicultural product and service suppliers.

#### **About Language Matters**

In 1983, Maier & Associates was founded in Boulder, Colorado by Jane Maier, a native of Denver and a 1979 graduate of the Monterey Institute of International Studies. It was a small operation with two employees, providing translation services in numerous languages to individuals, private industry (including Qwest Communications and Johns-Manville), and the government (State of Colorado election materials) primarily located in Colorado, as well as a few medical device companies in California. The business enjoyed steady growth and expansion throughout the 1980s.

In July of 1992 the company was sold to TCA (Translation Company of America). An office was found on the renowned Pearl Street Mall in Boulder, Colorado, and at the end of that year the company name was changed to Language Matters.

Finally, in 2008, Language Matters joined forces with The Language Lab in New York City under the umbrella of Translingua Associates, Inc. This cooperation has allowed Language Matters to broaden its approach, expand its customer base and offer a more extensive range of foreign language services not just in the West but throughout the U.S. and abroad.
